

CHAPTER 10:

INQUIRY

PURPOSE

In this chapter you will learn how to use the Inquiry function to view information pertaining to your organization and its data in the ASAP system.

ASAP PROCESS REVIEW

In ASAP, Federal Agencies **PROVIDE** funds, the Payment Requestors **DRAW DOWN** the funds, and Recipient Organizations **USE** the funds. ASAP user organizations are identified in the following way:

Federal Agency: identified by an 8-digit Agency Location Code and, optionally, a 2-digit region code.

Recipient Organization: recipients of Federal funds have a unique 7-digit Recipient ID which is generated by ASAP.

Payment Requestors: have a unique 7-digit Requestor ID which is generated by ASAP.

INQUIRY FEATURES

The ASAP Inquiry function allows you to view **transaction**-level, **account**-level, and **organization**-level information, as well as other **reference** information. Access to Inquiry screens is controlled: not all features or information are available to all users.

In the explanations below, the number in parentheses following the name of each inquiry option indicates the number of that option on the Inquiry Menu.

TRANSACTION-LEVEL

Payment Request Status Inquiry (#1) allows you to access information related to payment requests against your agency's ASAP accounts. You have the option of viewing payment status information on a single payment or all of the payment requests against your agency's ASAP accounts posted within a specified date range.

Authorization Transaction Inquiry (#4) allows you to view all authorization transactions for your ASAP Account(s) processed during a specific period.

Book Entry Adjustment Inquiry (#12) allows you to see information on book entry adjustments made to your ASAP Accounts.

ACCOUNT-LEVEL

Account Balance Inquiry (#2) allows you to view the cumulative authorizations, cumulative draws and current available balances for your ASAP Accounts. You have the option of requesting account balance information for a single account or a group of accounts.

Account Statement Inquiry (#3) allows you to view activity for a specified ASAP account. An account statement displays all transactions that have affected the ASAP Account's available balance in a specified date range (up to 93 calendar days), along with the beginning and ending balances for that date range.

Account Profile Inquiry (#5) allows you to view the profile of any of your agency's ASAP Accounts. Each ASAP Account profile indicates the grantor Federal Agency, Recipient Organization, Account ID, authorized Payment Requestor, and other information about the account.

ORGANIZATION-LEVEL

Federal Program Agency Inquiry (#6) allows you to view the information contained in a Federal Agency profile.

Payment Requestor Inquiry (#7) allows you to view the information contained in a Payment Requestor profile.

Recipient Organization Inquiry (#8) allows you to view the information contained in a Recipient Organization's profile.

OTHER REFERENCE INFORMATION

CFDA Inquiry (#9) allows you to view Catalog of Federal Domestic Assistance (CFDA) numbers and program names.

ALC Inquiry (#10) allows you to view Agency Location Codes (ALCs) and Federal Agency names.

! Although the above categories are logical groupings of the many options on the Inquiry Menu, the sections of this chapter will cover the most frequently used options in the order they appear on the Inquiry Menu.

GETTING STARTED

To get to the starting point for the Examples in this chapter, follow the step on the next page.

ACTION:

From the Main Menu, select menu option 2 for Inquiry and press Enter.

SECTION 10.1

PAYMENT REQUEST STATUS INQUIRY

All users have access to payment request status information related to their own accounts.

The **Payment Request Status Inquiry** feature allows you to view all applicable payment requests for a specific date range (up to 93 calendar days).

The **Payment Request Status Summary Inquiry** screen displays payment status information at the payment transaction level, including total amount requested and number of items in the request.

The **Payment Request Status Inquiry List** screen displays the accounts and related draw amounts comprising the payment transaction selected on the summary screen.

The **Payment Request Detail Transaction Inquiry** screen is used to review detailed information on a specific payment such as the draw amount, date funds were transferred, the receiving depository financial institution and bank account number, the method of funds transfer, and payment trace information.

The **Payment Request Detail Agency Review Actions** screen is used to provide detail information on a payment transaction subject to review by a Federal Agency. Information includes agency action, date of review, requested and actual settlement dates.

The **Payment Request Account Details** screen displays subaccounts representing projects or programs within the grant and associated amounts requested. If a payment request has account details then draws are at the account detail level only.

The **Payment Request Remittance Details** screen displays the amounts requested at the remittance code level. Remittance codes can only be created by Payment Requestors as part of a Template Payment Request. Federal Agencies may view remittance codes if an inquiry is made on a payment request that contains them.

SCREEN FIELDS TO NOTE

The following fields appear on one or more of the screens in this Inquiry feature:

- < **Requestor Reference Number** - an identifier which may have been assigned by a Payment Requestor to individual payments (FEDWIRE or ACH) or to an entire summary payment (ACH or FEDWIRE).

- < **Request Status** (Prompt screen) and **Status** column (Summary screen) - the current status of the payment request. Payment requests not subject to Agency Review, that have been posted and have a settlement date of the current date or the next business date will have a status of "A" for Approved. Payment requests that have been posted and have a settlement date beyond the next business date (warehoused payments) will have a status of "W" for Warehoused. Canceled payments will have a status of "C". In rare instances when the FEDWIRE or ACH systems reject a payment request or when the Federal Agency rejects a request on Agency Review, the status will be "R" for Rejected. If a request is subject to Agency Review, and the Federal Agency has not acted upon it, a status of "H" for Held will appear. On the summary screen, a status of "M" for multiple will appear if the request was subject to Agency Review and contains some warehoused/some rejected, or some approved/some rejected items. The status "M" will appear if the status field on the prompt was left blank or was specified as either "A" for approved, "R" for rejected, or "W" for warehoused and the payment in the multiple status contains one or more items with the status specified on the prompt.

- < **Request Dates From and To** - use these dates to specify a time period in which the payment request was made. If you leave the "Request Date To" field blank, it will default to the same date as the "Request Date From," making your date range equal to that 1 day only. If entered, the "Request Date To" cannot be greater than the current cycle date. Request dates do NOT NECESSARILY correspond to settlement dates - the settlement date may be a future date (i.e., for ACH transactions).

- < **Request Sequence Number** - assigned by the ASAP system when a payment request is approved. It consists of the following:
 - Date** - the date the request was made.
 - Terminal ID** - the PC connection or user ID that originated the request.
 - Sequence #** - a sequential number used to identify the session during which the request was made on a given terminal and date.
 - Item #** - identifies the account level draws within each request.

- < **SEL** - typing an “S” in this column next to a request transaction on the Payment Request Status Summary Inquiry screen allows you to view the individual items making up that request. Typing an “S” next to one of the items which make up the request transaction on the Payment Request Status Inquiry List Screen allows you to view the detail for that item.

- < **FUNDS IMAD** - an identifier assigned by the FUNDS (FEDWIRE) payment system to each FEDWIRE payment transaction for trace purposes.

- < **ACH Cycle Date, Cycle, Batch Number, and Trace Number** - identifiers assigned by the ACH payment system to each ACH payment transaction for trace purposes.

- < **DFI ABA Number** - the Routing Transit Number of the financial institution receiving the payment transaction. Corresponds to the FUNDS or ACH DFI ABA Number, as appropriate, specified on the Payment Requestor Profile.

- < **Bank Account Number** - the Payment Requestor’s bank account number at the financial institution receiving the payment transaction. Corresponds to the FUNDS or ACH Bank Account Number, as appropriate, specified on the Payment Requestor Profile.

- < **DFI Short Name** - the abbreviated name of the receiving financial institution identified by the DFI ABA Number above.

- < **Request Status** (Detail screen) - a more detailed version of the status of a payment request. Values are:
 - “Queued to ACH”,
 - “Sent to ACH/FUNDS”,
 - “Sent and Processed”,
 - “Warehoused”,
 - “Rejected and Restored”,
 - “Rejected, Insufficient Balance”,
 - “Rejected, Draw Limit Exceeded”,
 - “Awaiting FPA Approval”,
 - “Rejected by FPA”,
 - “Rejected, Account Not Available”,
 - “Approved by FPA”, or
 - “Canceled”.

PAYMENT REQUEST STATUS INQUIRY**GUIDE TO EXAMPLES**

In this section, you will learn how to use the ASAP system to make Payment Request Status Inquiries. All users should walk through all the examples in this section.

Example 1 shows how to make *wide search* Payment Request Status Inquiry - by specifying only the Recipient Organization ID and date range.

Example 2 shows how to make a *narrower search* - by specifying the Recipient Organization ID, Account ID and date range.

Example 3 shows how to inquire on payment requests that are subject to Agency Review - by specifying the Recipient Organization, one Account ID, and date range.

Example 4 shows how to inquire on payment requests with accounts that have been established with the Control Account feature - by specifying the Recipient Organization, one Account ID, and date range.

EXAMPLE ONE

This example shows you how to make a Payment Request Status Inquiry by specifying only the Recipient Organization ID and a date range.

< One Recipient Organization

< Date Range

STEP 1: ACTION

After selecting menu option 1 from the Inquiry menu, you will see the Payment Request Status Inquiry Prompt screen. Fill in the prompt screen as shown below and press Enter.

SP105A	AUTOMATED STANDARD APPLICATION FOR PAYMENTS	08/02/00
SP105AO	PAYMENT REQUEST STATUS INQUIRY PROMPT	HH:MM:SS
08/02/2000 T		
ENTER:

SECTION 10.2

ACCOUNT BALANCE INQUIRY

This feature allows you to view the **cumulative authorizations, cumulative draws/returned payments/book entry adjustments (RP/BE)** and the **current available balances** for your ASAP Accounts, which is the amount of money available for drawdown. You have the option of requesting account balance information for a single account or a group of accounts. You also have the option of requesting an up-to-the-minute account balance (by leaving the as of date field blank) or an “as of” account balance (by specifying a date in the as of date field).

The **cumulative authorizations** column is the sum of all applied increase authorization transactions minus the sum of all applied decrease authorization transactions. Note that this excludes authorizations which are uncertified or warehoused at the time of the inquiry.

The **cumulative draws/RP/BE** is calculated as follows:

- < The sum of any **funds returned** to ASAP via the Recipient Organization’s financial institution **and classified or reclassified** by an RFC back to the ASAP Account in question
- < PLUS the sum of **book entry adjustment increases**
- < MINUS the sum of **approved payment requests** (recall that the amount of a payment request is subtracted from the available balance when the request is approved, even if the funds have not yet settled at the receiving financial institution)
- < MINUS the sum of all **negative draw amounts**
- < MINUS the sum of **book entry adjustment decreases**
- < MINUS the sum of **any funds reclassified out of an account by an RFC**.

The **current available balance** is calculated as follows:

- < the net of the cumulative authorizations reduced by the net amount of the cumulative draws/RP/BE.
- ! The account balance shown may be **negative** if an ACH payment request was approved based on a future-dated (warehoused) authorization that will be applied on the next business day.

NOTE:

- < Column totals appear at the end of the list of accounts.
- < If there is a warehoused authorization for an account(s) on the list, that account(s) will be highlighted.

GUIDE TO EXAMPLES

In this section, users will learn how to use the Account Balance Inquiry feature.

Example 1 shows how to request an up-to-the-minute account balance.

Example 2 shows how to request account balances as of a given date.

EXAMPLE ONE

Use the Account Balance Inquiry feature to inquire on the available balance for multiple accounts.

< One Recipient Organization

< Multiple Accounts

STEP 1: ACTION

After selecting menu option 2 from the Inquiry menu, you will see the Account Balance Inquiry Prompt screen. Fill in the prompt screen as shown below and press Enter. Note - leave the Account ID and as of fields blank.

SECTION 10.3

ACCOUNT STATEMENT INQUIRY

This feature allows you to display account statements for any of your ASAP accounts.

The account statement presents the beginning balance, ending balance, and transactions that affected the account's available balance for a specified time period. You may request account statements for **any period of up to 93 calendar days** in the account's history, provided the period does not extend beyond the current date. You may review the entire statement history for an account in 93-day increments, from the date of the first account activity up to the current date.

Transactions displayed include **applied authorizations** (increases and decreases), **approved payment requests including negative draws, book entry adjustments, cancellations and classified and reclassified returned payments** (increases and decreases). Account statement transactions appear in ascending order according to the **date and time at which the transactions updated the available balance**.

Authorization transactions that have altered the account's available balance are shown on the Account Statement as of the **applied date**. Authorization transactions effective on a future date will not appear on the Account Statement. Future dated authorizations may be viewed using the Authorization Transaction Inquiry feature.

A **payment transaction** is reflected on the Account Statement when the payment request is **approved**. Approved payment requests update the available balance immediately even if funds will be transferred via ACH. Negative draws and canceled payment requests appear as increases to the available balance.

Book Entry Adjustments, which move funds between ASAP accounts within a given Agency Location Code/Region, are also reflected in the Account Statement. Book entry adjustments appear according to the date on which the adjustment was posted.

Returned Payments are funds returned to the ASAP system by a receiving financial institution. Returned Payments are shown on the Account Statement on the date the returned payment was **classified or reclassified** by an RFC to the ASAP account. The classified date of a returned payment may or may not be the same as the date the returned payment was received by the ASAP system. The RFCs have the ability to reclassify a returned payment if it was incorrectly classified initially. Payments reclassified into an account will be in the increases column. Payments reclassified out of an account will be in the decreases column.

! The account statement may show a **negative balance** if an ACH payment request was approved based on a future-dated (warehoused) authorization that will be applied on the next business day.

SCREEN FIELDS TO NOTE

The following fields appear on one or more of the screens in this Inquiry feature:

- < **Date From and To** - refer **only** to the dates on which a transaction **updated the available balance** for an ASAP Account. They do not necessarily mean “effective date” for authorizations or “settlement date” for payment requests.
- < **Type** - This column on the account statement indicates the transaction type of an increase or decrease to the available balance. Values are:
 - AU - applied authorization transactions
 - PY - approved payment requests
 - BE - posted book entry adjustments
 - RP - classified returned payments
 - CN - canceled payments
- < **Effective Date** - For authorizations, this is the date the Federal Agency specifies for the authorization transaction to update the available balance. If prior to current date, authorization is applied (balance is updated) on the date certified. For payment requests, this is the settlement date.
- < **Applied Date** - For authorizations, this is the date on which the authorization affected the account balance. For payment requests, this is the date the request was approved in ASAP.
- < If there are any **Warehoused authorization(s)** for the account being viewed, a message appears at the bottom of the screen informing the user of that fact.
- < **Account Detail ID** - associated with Control Accounts. It may represent projects or programs within the grant. The grantee will be required to draw at the account detail level, thus providing the Agency with more specific information on how grant funds are being expended.

HOW TO BUILD YOUR INQUIRY

Data must be entered in the Account ID field, ALC/Region field, Recipient ID field and the From and To Dates field in order to build an account statement inquiry. The Account Detail ID field may be completed to view activity by account detail for control accounts. If the Account Detail ID is entered, beginning and ending account balances are not displayed and only transactions related to the account detail are displayed.

GUIDE TO EXAMPLE

In this section, users will learn how to use the Account Statement Inquiry feature.

There is only one example in this section, and all users should complete the steps in this example.

EXAMPLE

Use the Account Statement Inquiry feature to inquire on your account statement transactions.

- < One Account ID
- < One Recipient ID
- < Date Range

STEP 1: ACTION

After selecting menu option 3 from the Inquiry Menu, you will see the Account Statement Inquiry Prompt screen. Fill in the prompt screen as shown below and press Enter.

```

SP125A          AUTOMATED STANDARD APPLICATION FOR PAYMENTS          08/02/00

SECTION 10.4

AUTHORIZATION TRANSACTION INQUIRY

This feature allows you to display information on all authorization transactions affecting your ASAP Accounts in a specified date range.

The user may inquire on all authorizations **entered** during the date range specified, regardless of whether the authorizations became effective during that time. The prompt screen can be used to specify one or more accounts. Based upon the criteria specified on the prompt screen, the AUTHORIZATION TRANSACTION SUMMARY INQUIRY SCREEN is displayed. The user may select an authorization transaction from the summary screen on which to view detailed information.

SCREEN FIELDS TO NOTE

The following fields appear on one or more of the screens in this Inquiry feature.

Authorization Date - Date that authorization was entered into system. Range is less than or equal to 93 days.

Effective Date - The date the Federal Agency specifies for the authorization transaction to update the available balance. If prior to current date, authorization is applied (balance is updated) on the date certified. See "Applied Date".

Applied Date - The applied date for authorization transactions is the date in which the authorization affected the account balance. This is usually the date on which the Federal Agency certified the authorization.

STA - Indicates the status of each authorization upon posting: "A" for applied, "U" for uncertified, "W" for warehoused and "R" for rejected.

I/D - Indicates whether the authorization amount is an increase (I), or a decrease (D).

HOW TO BUILD YOUR INQUIRY

In order to view the authorization information for an ASAP account, you must specify a valid combination of:

the **Agency Location Code/ Region** of the Federal Agency providing funds,

the **Recipient ID** of the Recipient Organization using the funds, and

the **Authorization Date To - From** - used to identify the date range the funds were authorized.

GUIDE TO EXAMPLE

In this section, users will learn how to use the Authorization Transaction Inquiry feature.
Review the following example.

EXAMPLE

Use the Authorization Transaction Inquiry feature to inquire on the authorized transactions made for a specific Recipient Organization - Federal Agency combination.

- < One Recipient Organization
- < Multiple Accounts

STEP 1: ACTION

After selecting menu option 4 from the Inquiry Menu, you will see the Authorization Transaction Inquiry Prompt screen. Complete the highlighted fields shown below and press Enter.

SP135A	AUTOMATED STANDARD APPLICATION FOR PAYMENTS		08/02/00

SECTION 10.5

ACCOUNT PROFILE INQUIRY

Each ASAP Account has a **profile** in the system containing information about the account. The profiles are created and maintained by the Federal Agency administering the associated program(s). The Account Profile Inquiry feature allows you to view the profile for any of your ASAP Accounts.

HOW TO BUILD YOUR INQUIRY

In order to view the profile for an ASAP Account, you must specify a valid combination of:

- < the **Agency Location Code / Region** of the Federal Agency providing funds,
- < the **Recipient ID** of the Recipient Organization using the funds, and
- < the **Account ID** used to identify and track the funds.

SCREEN FIELDS TO NOTE

In addition to the three elements used to identify each ASAP Account (**Agency Location Code / Region**, **Recipient ID**, and **Account ID**), each account profile contains some or all of the following items:

- < **Account Description** - A title or other description of the ASAP Account as entered by the Federal Agency.
- < **Account Status Indicator** - There are three possible Account Statuses:

Open - The account is available and active, which means that payment requests, authorization transactions, returned payments, and book entry adjustments may be processed against it.

Suspended - Payment activity is on hold. Inquiries may be made on the account, and returned payments and authorization transactions are allowed, but payment requests and book entry adjustments will not be accepted.

Closed - The account is no longer open. Inquiries may be made on the account, but no payment requests, authorization transactions, returned payments, or book entry adjustments are allowed against it.

- < **BudgetPeriod End Date** - Allows the Federal Agencies to record the date up to which expenses related to this program may be incurred by the Recipient. This is strictly an information field, used at the discretion of the Federal Agency.
- < **Requestor ID** - The Payment Requestor specified in the account profile is the only organization authorized to draw funds from this ASAP Account.
- < **Control Account** - used by the Federal Agency to specify if the account is a control account. Control accounts require payment requests to be made at an account detail level versus the account level. Account details may represent projects, programs, or budgetary line items. If the account is a Control Account, account details may be seen by pressing F9=DTL. If the account is not a Control Account, F9=DTL will not be displayed.
- < **ASAP 1031 Indicator** - used by the Federal Agency to specify whether payment requests against the account may be initiated by 1031 wire messages by an authorized financial institution. The use of 1031 wire messages in ASAP is limited to Federal programs operating in a checks-paid environment, where a financial institution serves as the payment requestor drawing funds to cover checks paid by it on behalf of a Federal Agency. An indicator of Y means 1031 wire messages are allowed for payments against an ASAP Account, and an indicator of N means they are not.
- < **Group ID** - The Federal Agency maintaining this ASAP Account may assign Group IDs to their accounts at their discretion to group related accounts. Group IDs have no effect on ASAP Accounts for payment request purposes.
- < **Begin Date** - may be used by the Federal Agency to indicate the date on which the grant period starts.
- < **End Date** - may be used by the Federal Agency to indicate the date on which the grant period ends. If an End Date is indicated on an account profile, the Account Status automatically changes to Suspended on the day following the End Date, and no payment requests may be made against that account **after** the End Date. However, the system allows payment requests to be made up to and including the End Date for settlement on the End Date or on a future date.
- < **CMIA Indicator** - may be used by the Federal Agency to specify whether the ASAP Account (Y) is or (N) is not covered by the Cash Management Improvement Act (CMIA).
- < **CFDA Number** - may be used by the Federal Agency to indicate the Catalog of Federal Domestic Assistance (CFDA) Number associated with this ASAP Account.
- < **Create Date** - the date stamp assigned by the system when the account profile is created.

- < **Total Estimated Grant Amount** - may be used by the Federal Agency to indicate the estimated total grant award.
- < **Cumulative Authorized Amount** - the net of all authorization activity for the account. It equals the sum of all applied increase authorizations minus all applied decrease authorizations.
- < **Available Balance** - the net of all transaction activity against the account. It includes the cumulative authorized amount, plus returned payments, plus book entry increases, minus approved payment requests, minus book entry decreases.
- < **Payment Warehouse Indicator** - may be used by the Federal Agency to prevent a payment from being warehoused against the ASAP account.
- < **Book Entry Adjustment (ALLOW BE ADJ)** - used by the Federal Agency to indicate if book entry adjustments may be made against an ASAP account. Book entry adjustments enable a payment requestor or Federal Agency to correct errors between ASAP accounts that share the same Agency Location Code / Region. If a requestor drew from account A and should have drawn from account B, the Book entry adjustment feature would be used to credit the money back to A and debit it out of B. Book entry adjustments always result in a net zero transaction.
- < **Agency Review/Maximum Draw Amounts** - Agency Review may be set by the Federal Agency so that draws equal to or greater than the designated threshold amount are held until the Agency approves or rejects them. Maximum Draw Amount is an additional system edit specified by the Federal Agency so that draws against the account cannot exceed the designated daily, monthly, quarterly or total maximum draw amounts. If a Federal Agency has specified Agency Review and/or Maximum Draw Amount for an account, there will be an F8 function key on the Account Profile Inquiry screen to allow you to view the parameters. If the account is not subject to Agency Review or Maximum Draw, there will be no F8 function key on the Account Profile.

GUIDE TO EXAMPLE

In this section, users will learn how to use the Account Profile Inquiry feature.

EXAMPLE ONE

Use the Account Profile Inquiry to view the profile for any of your ASAP accounts.

< One Recipient ID

< Account ID

STEP 1: ACTION

After selecting menu option 5 from the Inquiry Menu, you will see the Account Profile Inquiry screen. Fill in the three fields as shown below and press Enter.

SP065A	AUTOMATED STANDARD APPLICATION FOR PAYMENTS	08/02/2000
SP065AO	ACCOUNT PROFILE INQUIRY	HH:MM:SS
08/02/2000 T

SECTION 10.6

FEDERAL PROGRAM AGENCY INQUIRY

This feature allows you to view your Federal Agency profile in ASAP.

Profile information is obtained during the enrollment process when the Federal Agency completes the forms contained in the enrollment package. RFC personnel review the enrollment package to ensure completeness and enter the necessary information into the ASAP system. **The Federal Agency is required to notify the RFC of any profile changes as they arise.**

HOW TO BUILD YOUR INQUIRY

Each Federal Agency is identified in ASAP by a unique **Agency Location Code** (ALC) consisting of 8 digits and a 2 character Region Code, if applicable. To view the profile for your agency, type the ALC/Region in the corresponding field and press Enter.

SCREEN FIELDS TO NOTE

The Federal Agency profile includes the full **organization name**, **address**, **contact personnel**, and **certifying official**. The profile also indicates the Federal Program Agency's **Short Name**, which is the abbreviation used to identify it on payment remittance information and various on-line screens.

In addition to the descriptive information outlined above, other information appears on the Federal Agency Profile, as detailed below:

- < **FPA Active Flag** - indicates whether the Federal Agency is “active” or able to perform functions in ASAP. “Y” indicates that the Federal Program Agency is active, and “N” indicates that the Federal Program Agency is inactive.
- < **Pseudo ABA** - the destination to which the Federal Agency's Bulkdata reports will be delivered (i.e., Mainframe or Fedline terminal).
- < **Default Warehouse Ind.** - may be used by the Federal Agency to prevent payments from being warehoused against any of its ASAP accounts.
- < **Report Delivery Method** - indicates the method by which the Federal Agency will receive their reports, either “F” for fax, “B” for Bulkdata or “P” for Paper. If “F” for fax is selected, a primary and secondary fax number should be listed.
- < **Mainframe Indicator** - indicates whether the Federal Agency has a mainframe connection to the ASAP system.

- < **Allow Global Accounts (Y/N)** - indicates whether the Federal Agency has authority to establish global accounts. Global accounts are accounts which allow multiple payment requestors to access the account such as in the Unemployment Trust Fund.

GUIDE TO EXAMPLE

In this section, users will learn how to use the Federal Program Agency profile inquiry feature.

One example is provided in this section. Review the following example.

EXAMPLE

Use the Federal Program Agency Inquiry feature to view your profile.

< One Agency Location Code

STEP 1: ACTION

After selecting menu option 6 from the Inquiry Menu, you will see the Federal Program Agency Inquiry screen. Your ALC is already displayed in the Agency Location Code/Region field, so just press Enter to complete the inquiry.

SECTION 10.7**PAYMENT REQUESTOR INQUIRY**

Profile information is obtained during the enrollment process when the Payment Requestor completes the forms contained in the enrollment package. RFC personnel review the enrollment package to ensure completeness and enter the necessary information into the ASAP system. **The Payment Requestor is required to notify the RFC of any profile changes as they arise.**

HOW TO BUILD YOUR INQUIRY

Each Payment Requestor is identified in ASAP by a unique **Requestor ID** generated by the system at the time the Payment Requestor profile is created. To view the profile for a Payment Requestor organization, type the 7-digit Requestor ID in the corresponding field and press Enter.

SCREEN FIELDS TO NOTE

The Payment Requestor profile includes the full **organization name**, **address**, **contact personnel**, and **certifying official**. The profile also indicates the Payment Requestor's **Short Name**, which is the abbreviation used to identify it on payment remittance information and various on-line screens.

In addition to the descriptive information outlined above, information critical to the payment process appears on the Payment Requestor Profile, as detailed below:

- < **ACH DFI ABA NO** - identifies the Depository Financial Institution (DFI) to which requested funds will be transferred via the Federal Reserve's Automated Clearing House (ACH) payment system.
- < **ACH BK ACCT NO** - the Payment Requestor's bank account at the DFI to which its ACH payments will be credited.
- < **ACH ACCT TYPE** - indicates whether the bank account receiving ASAP ACH credits is a **(D)** demand (checking) account or **(S)** savings account.
- < **ACCT TITLE** - the name of the account at DFI as designated by the Payment Requestor
- < **DUNS** - a DUNS number is a universal identifier assigned by Dunn and Bradstreet to uniquely identify organizations involved with electronic commerce.
- < **TIN** - A TIN (Taxpayer Identification Number) is a 9-digit number used for tax reporting.

- < **FDS DFI ABA NO** - identifies the Depository Financial Institution (DFI) to which requested funds will be transferred via the Federal Reserve's FEDWIRE payment system.
- < **FDS Bk Acct NO** - the Payment Requestor's bank account at the DFI to which its FEDWIRE payments will be credited.

! Funds for all payment requests submitted by a Payment Requestor will be transferred to the bank accounts specified in its profile. Each Payment Requestor profile **must** have either ACH or FUNDS banking information **or both**, depending on the payment mechanisms to be used to transfer funds. The ACH and FUNDS DFIs may be different entities for any given Payment Requestor, and the ACH and FUNDS bank account numbers can also be different.

- < **Further Credit ABA** - this field contains information for further routing of Fedwire payments, if specified by the Payment Requestor
- < **PR Active Flag** - indicates whether the Payment Requestor is “active”, or able to perform functions in ASAP. “Y” indicates that the Payment Requestor is active, and “N” indicates that the Payment Requestor is inactive.
- < **Multiple Bank Relationships** - if the Requestor has multiple ACH and/or Fedwire bank account relationships, the Payment Requestor Profile Inquiry screen will have an F8 function key to allow you to view those relationships. If the Requestor does not have multiple bank relationships, F8 will not be displayed.

Other information on the Payment Requestor Profile includes:

- < **Recipient Org (Y/N)** - this field indicates whether this Requestor is also a Recipient Organization. If the flag is Y for Yes, there is a Recipient Organization Profile for this organization, and the Requestor ID and Recipient ID are the same. If the flag is N for No, either this organization has a Recipient profile with a different ID, or this Requestor is NOT a Recipient Organization.
- < **VRS Indicator** - this field indicates whether the Requestor uses the Voice Response System to access ASAP. Values for this field are:
 - Y for Yes - this Requestor uses the Voice Response System
 - N for No - this Requestor does not use the Voice Response System
 - B for Both - this Requestor uses both Voice Response and on-line screens to access ASAP.

GUIDE TO EXAMPLE

In this section, users will learn how to use the Payment Requestor profile inquiry feature.

Review the following example.

EXAMPLE

Use the Payment Requestor Inquiry feature to view the profile for a Payment Requestor organization.

< One Requestor ID

STEP 1: ACTION

After selecting menu option 7 from the Inquiry Menu, you will see the Payment Requestor Inquiry screen. Fill in the Requestor ID field as shown below. Press Enter to complete the inquiry.

SP310A	AUTOMATED STANDARD APPLICATION FOR PAYMENTS	08/02/00

SECTION 10.8

RECIPIENT ORGANIZATION INQUIRY

This feature allows you to view profile(s) for any Recipient Organization in ASAP.

Profile information is obtained during the enrollment process when the Recipient Organization completes the forms contained in the enrollment package. RFC personnel review the enrollment package and enter the necessary information into ASAP. **The Recipient Organization is required to notify the RFC of any profile changes as they arise.**

HOW TO BUILD YOUR INQUIRY

Each Recipient Organization is identified in ASAP by a unique **Recipient ID** generated by the system at the time the profile is created in ASAP. To view the profile for a Recipient Organization, type the 7-digit Recipient ID in the corresponding field and press Enter.

SCREEN FIELDS TO NOTE

The Recipient Organization profile includes the full **organization name**, **address**, **contact personnel**, and **certifying official**. The profile also indicates the Recipient Organization's **Short Name**, which is the abbreviation used to identify it on payment remittance information.

Additional profile information includes:

- < **Organization Type** - indicates the type of recipient organization being profiled. "SA" indicates a State Agency; "T", an Indian Tribal Organization; "U", an University; "FP", a for profit organization, "NP", a non-profit organization and "O" stands for other.

- < **Requestor (Y/N)** - this field indicates whether this Recipient is also a Payment Requestor. If the flag is Y for Yes, there is a Payment Requestor Profile for this organization, and the Requestor ID and Recipient ID are the same. If the flag is N for No, either this organization has a Requestor profile with a different ID, or this Recipient is NOT a Payment Requestor.
- < **VRS Indicator** - this field indicates whether the Recipient uses the Voice Response System to access ASAP. Values for this field are:
 - Y for Yes - this Recipient uses the Voice Response System
 - N for No - this Recipient does not use the Voice Response System
 - B for Both - this Recipient uses both Voice Response and on-line screens to access ASAP.
- < **RO Active Flag** - indicates whether the Recipient Organization is designated as “active”, or able to perform functions in ASAP. “Y” indicates that the Recipient Organization is active, and “N” indicates that the Recipient Organization is inactive.
- < **TIN** - the Taxpayer Identification Number for the Recipient Organization
- < **DUN** - a universal identifier for electronic commerce assigned by Dunn & Bradstreet

GUIDE TO EXAMPLES

In this section, users will learn how to inquire on Recipient Organization profiles.

There is one example in this section, and all users should complete the steps of this example.

EXAMPLE

Use the Recipient Organization Inquiry feature to view the profile of a Recipient Organization.

< One Recipient ID

STEP 1: ACTION

After selecting menu option 8 from the Inquiry menu, you will see the Recipient Organization Inquiry screen. Enter the RECIPIENT ID and press Enter.

SECTION 10.9

BOOK ENTRY ADJUSTMENT INQUIRY

This feature allows you to view book entry adjustment transactions made to your ASAP Accounts within any specified date range.

The **Book Entry Adjustment Summary Inquiry** screen displays information on adjustments at a summary level. Adjustments are sorted in ascending order by posting date and time. You may select a book entry adjustment transaction from the summary screen to view detail information pertaining to the increases and decreases of the adjustment.

The **Book Entry Adjustment Detail Inquiry** screen displays detailed information on a specific adjustment such as the adjustment reason, the Recipient IDs and Account IDs involved, the User ID of the person who made the adjustment, and the increase and decrease amounts of the adjustment.

SCREEN FIELDS TO NOTE

The following fields appear on one or more of the screens in this Inquiry feature:

- < **Adjustment Reference Number** - an identifier which may have been assigned by the individual making a book entry adjustment. (On the summary screen, this information appears under the abbreviated heading of “**REF NUM.**”)
- < **Adjustment Dates From and To** - use these dates to specify a time period in which the adjustment was made (posted). Note that if you leave the “Adjustment Date To” field blank, it will default to the same date as the “Adjustment Date From,” making your date range equal to that 1 day only. If entered, the “Adjustment Date To” cannot be greater than the current cycle date.
- < **ASAP Sequence Number** (detail screen) - an identifier assigned by the ASAP system when a book entry adjustment is posted. It consists of the following:
 - Date** - the date the transaction was posted.
 - Terminal ID** - the PC connection or User ID that originated the adjustment.
 - Sequence #** - a sequential number used to identify the session during which the adjustment was made on a given terminal and date.

- < **S** - An abbreviation for “Select” on the summary screen. Typing an “S” in this field next to an adjustment transaction and pressing Enter allows you to view detail information on that transaction.
- < **Date** and **Time** - Displayed on the summary screen, the date and time the adjustment was made.
- < **NBR ITM** -An abbreviation for “Number of Items” on the summary screen. This field displays how many increase/decrease items make up the adjustment.
- < **Adjustment Total** -the total amount of money transferred in an adjustment, which is the same as the Total Increases or Total Decreases for an adjustment. Abbreviated as “Adjstmnt Total” on the detail screen.
- < **Adjustment Initiator** - the User ID of the individual who made the adjustment. Abbreviated as “Adjstmnt Initiator” on the detail screen.
- < **Adjustment Reason** - a description or other annotation of the adjustment, if any was entered when the adjustment was made.
- < **Decrease Avail Bal By Amount** - the amount of money moved **out** of an ASAP Account.
- < **Increase Avail Bal By Amount** - the amount of money moved **into** an ASAP Account.
- < **ITM #** - sequential numbers assigned by the system to each item within an adjustment when the adjustment was posted.

GUIDE TO EXAMPLE

In this section, users will learn how to use the Book Entry Adjustment inquiry feature.

There is one example in this section that describes how to inquire on all Book Entry adjustments for a given date range. All users should complete the steps shown in this example.

EXAMPLE

Use the Book Entry Adjustment Inquiry feature to view transactions made to your ASAP accounts within a specified date range.

< Recipient ID

< Date Range

After selecting menu option 12 from the Inquiry menu, you will see the Book Entry Adjustment Inquiry prompt screen. Fill in the prompt screen as shown below and press Enter.

STEP 1: RESULT

SECTION 10.10

SUPER USER INQUIRY

This feature allows you to inquire on Federal Department, Federal Bureau and State Super Users.

- C Federal Department Super Users have a two-digit ASAP ID that allows them to inquire on all bureaus and Agency Location Codes associated with the Department.
- C Federal Bureau Super Users have a four-digit ASAP ID that allows them to inquire on all Agency Location Codes associated with the Bureau.
- C State Super Users have a two-character ASAP ID that allows them to inquire on activity for all Recipients and Requestors that have the same postal code and have an organization type of State Agency.

Profile information for Super Users is obtained during the enrollment process. RFC personnel review the enrollment package and enter the necessary information into ASAP.

HOW TO BUILD YOUR INQUIRY

Each Super User in ASAP is identified with a unique Super User ID. To inquire on a Super User, you specify the 2-4 character Super User ID and press Enter.

SCREEN FIELDS TO NOTE

The Super User profile includes the **full organization name**, **address**, **contact personnel** and **certifying official**. The profile also indicates what **type** of Super User the organization is: Federal Department, Federal Bureau or State.

GUIDE TO EXAMPLE

In this section, users will learn how to inquire on Super User Profiles. Review the following example.

EXAMPLE

Use the Super User Inquiry feature to view the profile of a State Super User.

STEP 1: ACTION

After selecting menu option 14 from the Inquiry Menu, you will see the Super User Inquiry screen. To inquire on a State Super User, type in the 2-character state code and press Enter.
